The DUPLEX Drug Delivery System is a ready-to-use, two-compartment container that keeps pre-measured medication and diluent separate until you're ready to mix and administer.

- Easy bedside activation—no thawing or mixing vials.
- Fits in automated dispensing systems.
- Barcoded to help reduce medication errors and improve efficiency.
- Simply fold and squeeze container to mix.
- Diluent cannot be delivered without medication.
- 15-month minimum room temperature expiration dating.
- PVC-free, DEHP-free and latex-free.

Combat challenging infections with speed, safety and accuracy.
