- aggrastat@medicure.com

Costs based on labeled use of products, according to WAC pricing as of November, 2009. Specialized IP DSH pricing is offered by Medicure to qualifying hospitals (33% discount); IP DSH pricing is not offered by Schering-Plough, therefore an estimated, standard discount is used (13%). Costs subject to change and may not reflect actual costs to patients. Aggrastat and Integrilin (eptifibatide, Schering-Plough Inc.) have not been compared in head-to-head clinical trials and no comparative claims of safety or efficacy may be made. Please see products' full Prescribing Information and approved indications.
