

# Concentrated Acetaminophen Drops

## BULK PHARMACY CONTAINER INSTITUTIONAL USE ONLY

For use in preparing unit dosing.

Do Not Remove from Pharmacy.

### Drug Facts:

Active Ingredient (in each 0.8 mL):

Acetaminophen 80 mg

Purpose: Pain Reliever/Fever Reducer

### Uses

Temporarily reduces fever.

Temporarily relieves minor aches and pains due to:

- Flu
- Common Cold
- Headache
- Toothache
- Sore Throat

### Warnings

Sore Throat Warning: If sore throat is severe, persists more than 2 days, and is accompanied or followed by fever, rash, nausea, headache or vomiting, consult a doctor immediately.

Do not use with any other product containing acetaminophen.

### Overdose Warning

Do not exceed recommended dose; taking more than the recommended dose (overdose) may not provide more relief and may cause liver damage. In case of overdose, get medical help or contact a Poison Control Center (1-800-222-1222) immediately. Quick medical attention is critical even if you do not notice any signs or symptoms.

### Stop Use and Ask a Physician if:

- New symptoms occur
- Redness or swelling is present

- Pain gets worse or lasts for more than 5 days
  - Fever gets worse or lasts for more than 3 days
- These could be signs of a serious condition.

**Keep out of reach of children.**

### Directions

- Do not take more than directed (please see warnings)
- Shake well before using
- Find dose on chart below (if possible, use weight to dose; otherwise use age)
- Dispense liquid slowly into child's mouth, toward the inner cheek
- Repeat dose every 4 hours, if needed
- Do not use more than 5 times in 24 hours

### Dosage and Administration

It is very important that Pediaphen Concentrated Drops be dosed accurately. **It is strongly recommended that caregivers obtain and use a calibrated measuring device.** Healthcare providers should recommend a dropper that can measure and deliver the prescribed dose accurately, and instruct caregivers to use extreme caution in measuring the dosage.

Weight	Age	Dose
Under 24	Under 2 yrs.	Ask a doctor
24-35 lbs.	2-3 yrs.	1.6 mL
