- **Newly formulated under already established brand name.**

*DIGEX<sup>®</sup> NF is indicated for the relief of the symptoms of functional indigestion devoid of organic pathology commonly referred to as nervous indigestion and colloquially as "butterflies". The symptoms are bloating, gas and fullness. DIGEX<sup>®</sup> NF is an effective adjunctive therapy in the treatment of peptic ulcer. DIGEX<sup>®</sup> NF may be used in functional intestinal disorders to reduce symptoms such as those seen in mild dysenteries, diverticulitis, and acute enterocolitis. May also be useful as adjunctive therapy in the treatment of irritable bowel syndrome (irritable colon, spastic colon, mucous colitis) and functional gastrointestinal disorders.*
