2 Container Sizes	Description	Wholesale Order Number	NDC Number	Price/Unit
100 g	Easy-to-apply foam vehicle with 2% ketoconazole	AmeriSource 5016167 Bergen 617934 Cardinal 4008835 McKesson 1348549	63032-051-00	\$231 WAC
50 g		AmeriSource 5016175 Bergen 617946 Cardinal 4008827 McKesson 1346204		

EXTINA® is the only ketoconazole treatment for seborrheic dermatitis formulated in VersaFoam-HF™:

- Easy to apply^{1,2}
 - Dissolves quickly upon contact with the skin, while the ketoconazole stays on skin to treat affected areas
- Cosmetically elegant²
 - Fragrance free, and leaves minimal residue

More about EXTINA:

- Statistically significant efficacy in a clinical trial¹
- Versatile and easy to use^{1,2}:
 - For scalp, body, and face*
 - Safe for a wide range of patients, 12 years of age and older
 - Convenient application when skin and hair are wet or dry
 - Applies to both hair-bearing and non-hair-bearing areas

*EXTINA Foam is not for ophthalmic, oral, or intravaginal use.

Please see accompanying full Prescribing Information for EXTINA.

Stiefel Laboratories is committed to bringing quality and value to the patients who use our products. Please call us at **1-888-500-DERM** with any questions.

For more information about EXTINA, please contact your Stiefel sales representative or call **1-888-STIEFEL**.

IMPORTANT SAFETY INFORMATION

Safety and efficacy of EXTINA Foam for treatment of fungal infections have not been established.

The most common adverse reactions to EXTINA Foam observed in clinical trials (incidence >1%) were application site burning (10%) and application site reaction (6%).

EXTINA Foam may result in contact sensitization, including photoallergenicity.

Sincerely,

Jordan Sneed
Product Manager, EXTINA
