

Today I learned...

handling hazardous medications safely doesn't have to slow me down.

NEW ONGUARD™ Contained Medication System enables safe and easy handling of hazardous medications.

ONGUARD™ Contained Medication System with Tevadaptor® Components.

Protection that's easy to use.

Designed with a few simple steps for minimal changes to your current practice.

Protection you can hear and feel.

The unique design of the ONGUARD™ System allows you to hear and feel that connections are secure.

Protection you can depend on.

Be protected from vapors, particles and aerosols. Even at disconnection, components are sealed and dry. And non-sterile air never enters the medication vial.

Call for a demo today.

To see the ONGUARD™ System in action, call B. Braun to schedule a demonstration at **800-227-2862**, or visit www.bbraunusa.com.
